Dear Todd,
you know when I was thinking about what to write in your annual, it brought a smile to my face remembering all the things that we have gone through. When we were sophmores, it was little mischief, then we got to the big time. Do you remember the "birthday" we had for me at Straw hat (Quest For Fire)! I still remember the times I stuffed you in the medical records little elevator and wouldn't let you out. Remember scaring Chris when the "ghost" was on 2-west. Then we tried to play yahtzee on the computer and you couldn't sign off. Then came our junior year and we really drove the teachers nuts. Remember Senior ditch day when Kelvin said "My front ends out of alignment!" We washed his car at 3:00 A.M. Boy did we ever thrash that poor Volvo. I really apreciated your friendship last year, I time that I really needed. You helped me go through some bad times with Barb. I still recall all our talks down in audio-visual. I loved to scare you, making you think it was either Bill or chaplain Wilfred. We've spent a lot of time together, ya know. You know, it's real funny looking at our group. You and me are the only out-spoken, controversial, opinionated, people in our group. Eeee eee! That is a trate that can really help us, but also be burden, unless we control it. I know we'll get along fine this summer, cause we've both learned to accept each other's opinion. Remember what I told you about Australia our second year, the consequenses if you don't go. Just jokin'. Actually I'm serious. By the way, I just happen to read what some

Todd Trumper

other person of the female persuation wrote in your annual. You know who I'm talking about, don't you? To me Todd, She likes you, and it looks pretty promising for the future. Like I've told you before, you'll get married. Some things you can't help, like you changing your major from Business to Theology to become a pastor. You do know your true destiny. Well, I hope we never lose track of each other, ever. Even when we're older we should be able to go out with Kel and go crazy. I know we'll stay friends. I hope that you fulfill all your goals in life, I know you will. Your a real smart intellegant person, and real creative. You'll make you know who a good husband someday! Well, I won't say bye, because were not leaving each other's sight for a while.

Your Friend,

I ♥ you know who!

Todd

P.S. poor pirates, maybe you should become a Dodger fan with me!

Dear Todd,
Its been a great year and now all you guys are going to leave. Its been really crazy and it all made this year a blast. Band tour was really funny I didn't think so at the time is a matter a fact I kind of hated it, but compared to chorale tour band was a blast, and Mr. Bennet was great. And I never thought that would be possible. Its been super fun, and your really a fun person, crazy and a blast to be around. Well, have fun this summer, and maybe I'll see ya around.

Love ya'

Lyss

Together we're better
Thru' our high school days
Freshmen, sophomore, junior and senior
We each have an important part to play
Each of us growing in our different ways.

Together we're better
Remember sand sculpture day
Working together to create
The crazy fun things we made
A day off from school for us to play.

Together we're better
Dressed up for the banquets spring and fall
Looking so good, looking so mature
Our parents would smile at us in awe
So many good things for us to recall.

Together we're better
Learning of God during Week of Prayer
Coming closer to Him who is life
Many things of faith we have to share
His spokesman telling us how much God cares.

Together we're better
Struggling to make a good grade
Our teachers were there to help us along
"You'll get through it" is what they would say
And studying late hours was the price we paid.

Together we're better
Thru' our high school days
Thru' intramurals tournaments and spirit week
The competition, in either victory or defeat
Made us closer in so many ways.

Together we're better
Throughout this school year
Through each of our trials we've learned and grown
Now we look back as school's end draws near
And realize that together we were better than we are alone.

By Cheryl Warnock, Michele Marx,
and the LIGHTHOUSE Staff

LIGHTHOUSE 1984 is dedicated to the spirit of togetherness.

PRINCIPAL'S MESSAGE

God created human beings as social creatures. Some animals live alone and some live in groups. We even have names for the groups, ie. a gaggle of geese, a pride of lions. Man is designed to live together. Some research indicates that without significant interaction with other humans, our spinal cord actually shrinks a small amount.

Some of the greatest of life's pleasures and pains come from our relationships with others — family, friends, fellow students and co-workers. How we relate with others affects the quality of our lives a great deal. Together, in harmony, life is infinitely better.

What is true about humans together is even more true about God and man. Physicists have an interesting word which I think is useful here. Synergism is that phenomena that occurs when force A and force B are added together, but their sum exceedes A + B. In other words, the combination is greater than the sum of the two. When we join our efforts with God's, maybe a synergistic effect takes place. Truly with God, Together We Are Better!

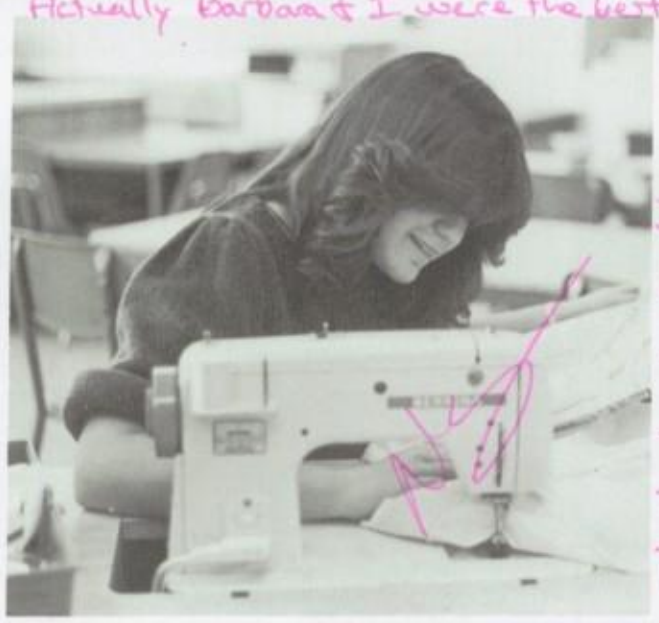
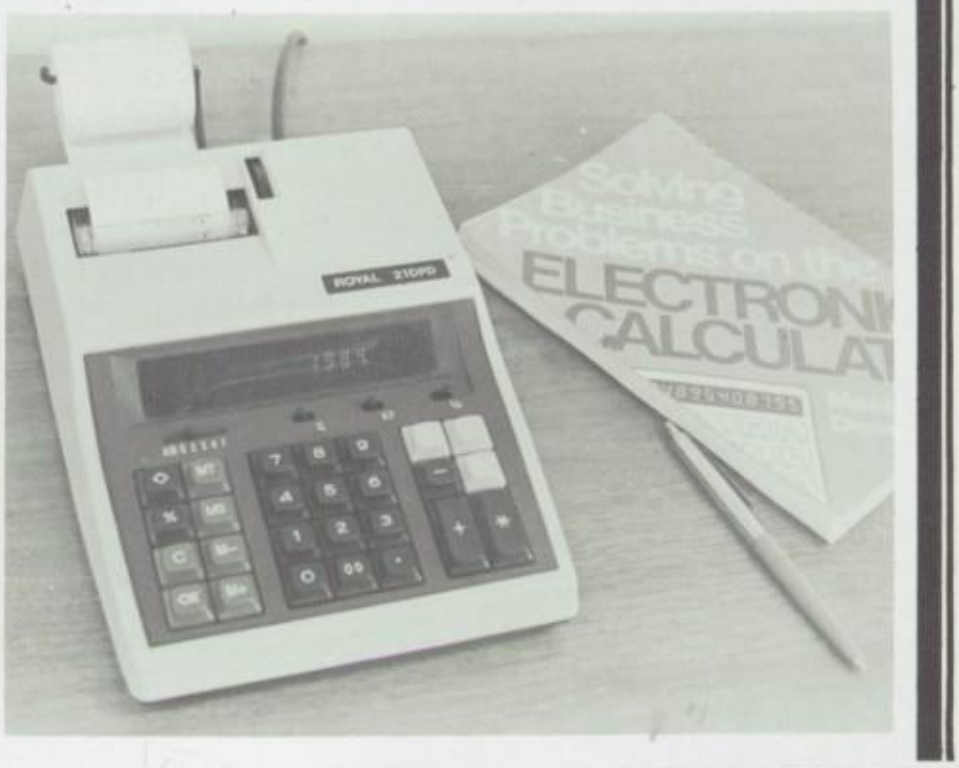
ACADEMICS

HOME ECONOMICS

This class is serious about preparing students for future home life. Not content with just learning the basics like cooking and sewing, a marriage ceremony, complete with a flower girl and Bible boy, was performed. It wasn't even 9 **weeks** after that when those students were seen carrying their "babies" around campus.



PAGE SPONSORED BY RON AND PENNY WILLIAMS



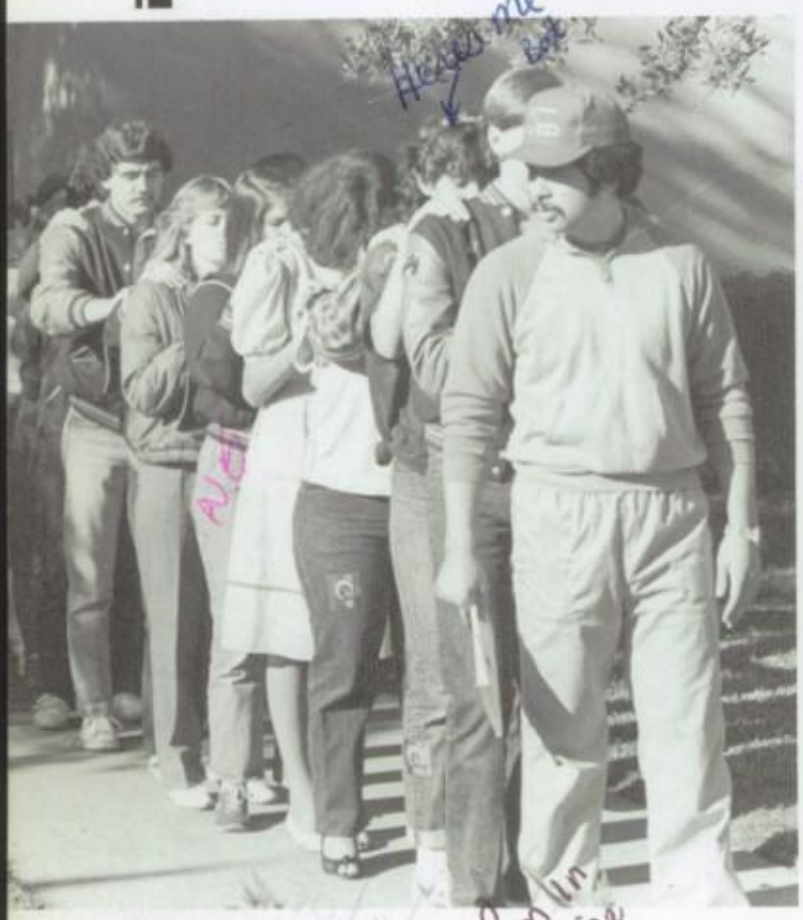
Remember when you looked at those typing keys and wondered if your hands would ever really learn to type. Remember Mrs. Osborne reading off letters as you slowly started taking it one row of keys at a time. Remember when you first realized that you fingers were typing without your brain even really directing them. Remember good old typing class.

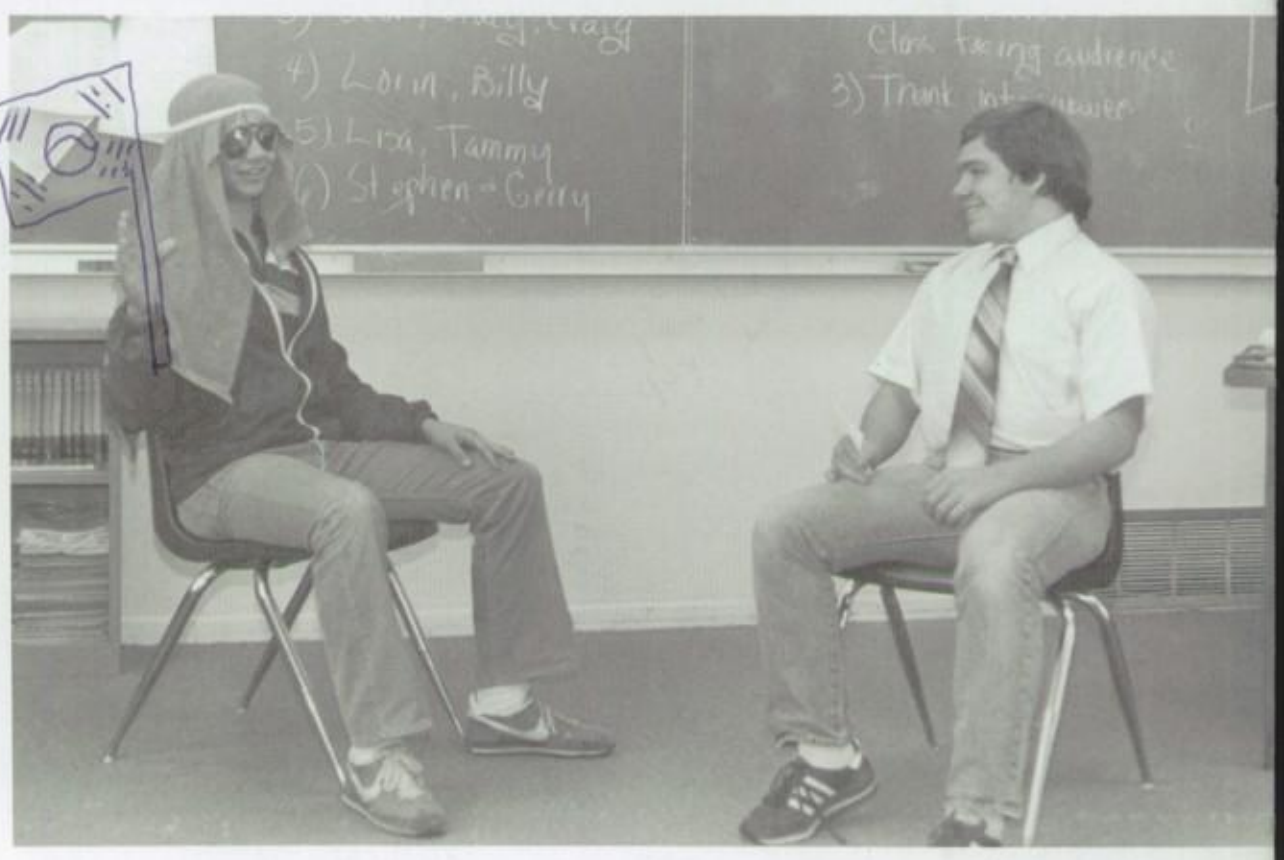
BUSINESS EDUCATION

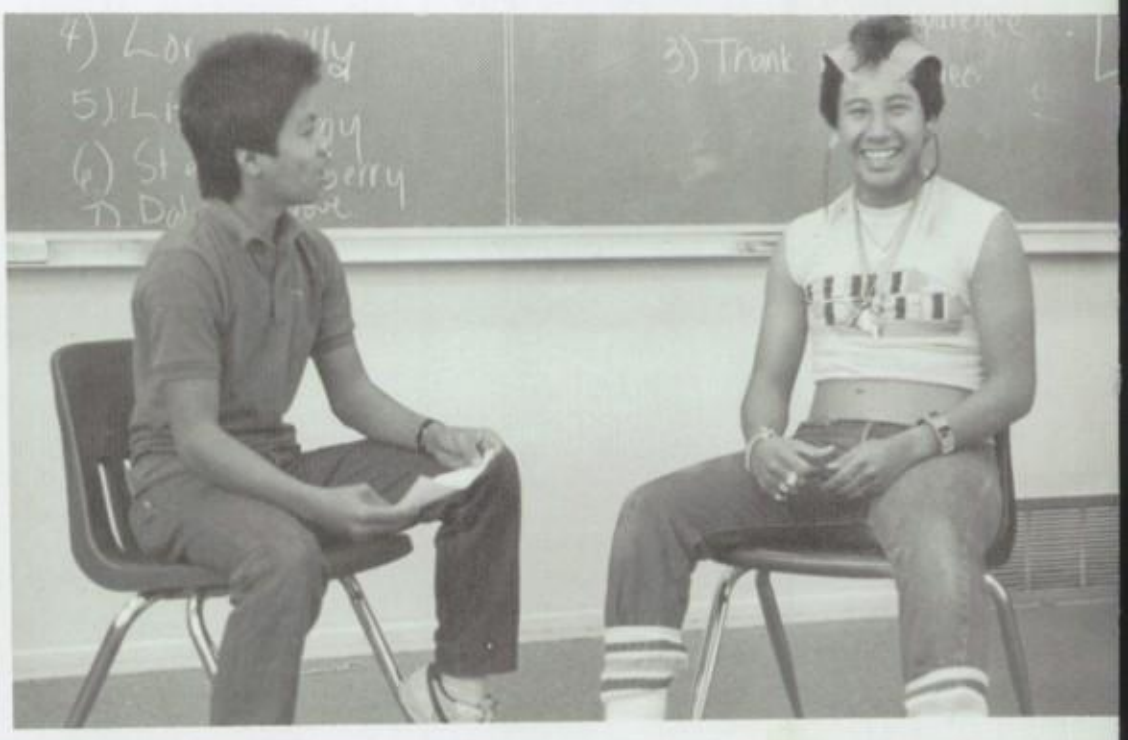
PAGE SPONSORED BY STEVE, BERIT, AND BROOKE OSBORNE

HUMANITIES

These three classes, Bible, English, and History make up the main bulk of our scholastic diet. The chefs are always serving too much to eat, though, and those unwanted calories we gain at intellectual banquets give us indigestion.







PAGE SPONSORED BY MR. AND MRS. BILL HENLEY

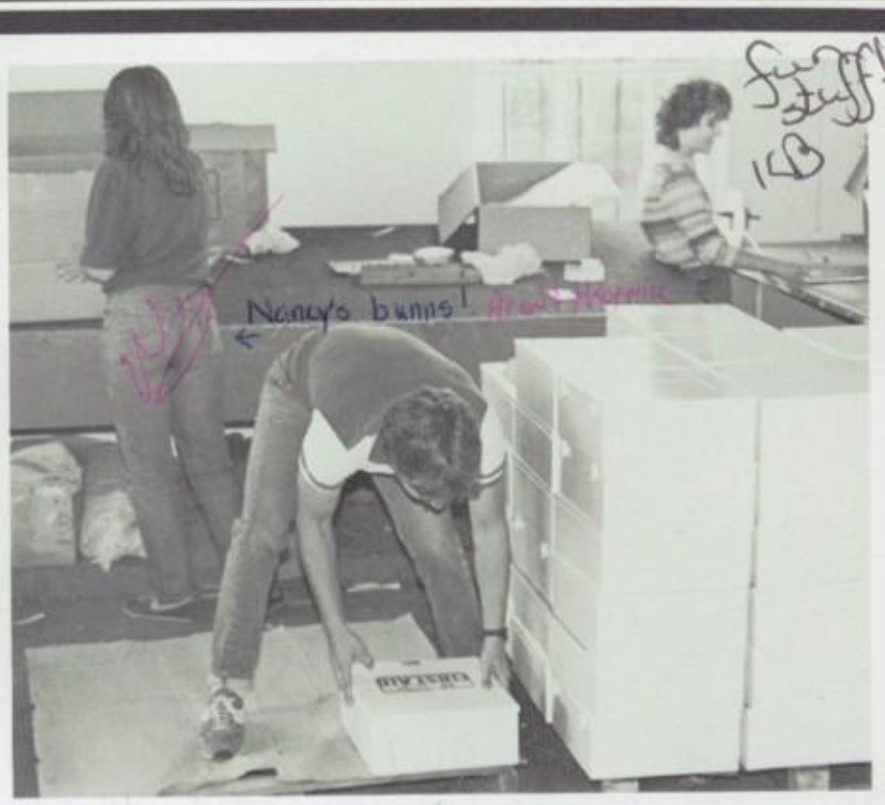
Science is lectures and notes, and mind-expanding labs that make you want to run happily back to lectures and notes. Algebra, Geometry and Calculus have been torturing students for centuries, and that's a problem no computer can solve. Since we are in the "Computer Age" though, it's a good idea to get to know one.

MATH/SCIENCE

SHOP

Did you know that some students are already doctors? Car doctors that is, and they're learning that trade at the school's own Car Hospital. Sick and injured automobiles are brought in and under many residents' skillful hands, they are restored back to good health.

PAGES SPONSORED BY MR. AND MRS. MERLIN VAN ALLEN AND ALAN SHEPPARD



WE'VE BEEN INVADED! Many students feel that the industry has taken over our campus, but the "enemy" in our midst is really fighting on our side. The Industry with all its hustle and bustle is bringing alot of money into our school and that benefits everyone.

INDUSTRY

MUSIC

Chorale means your school day starts 45 minutes earlier than all the other kids. Band means sacrificing your study hall and even some Monday evenings for special practice sessions. You thought the music students just sat around and made noise, well it takes hard work and dedication on the Chorale and Band members' part to turn that noise into real music.

SPORTS

FLAG FOOTBALL

This definitely wasn't the Charger's year but the boys' flagball games gave us some football excitement. These games gave the guys a chance to compete against their teachers or classmates and to show off their special abilities to the admiring females on the sideline.

Two leagues were started, the NFL and the not so pro USFL and here are the standings for this year:

NFL		USFL	
1st	49ers — Faculty	1st	Express
2nd	Raiders	2nd	Stallions
3rd	Chargers	3rd	Bandits
4th	Cowboys	4th	Blitz
5th	Saints

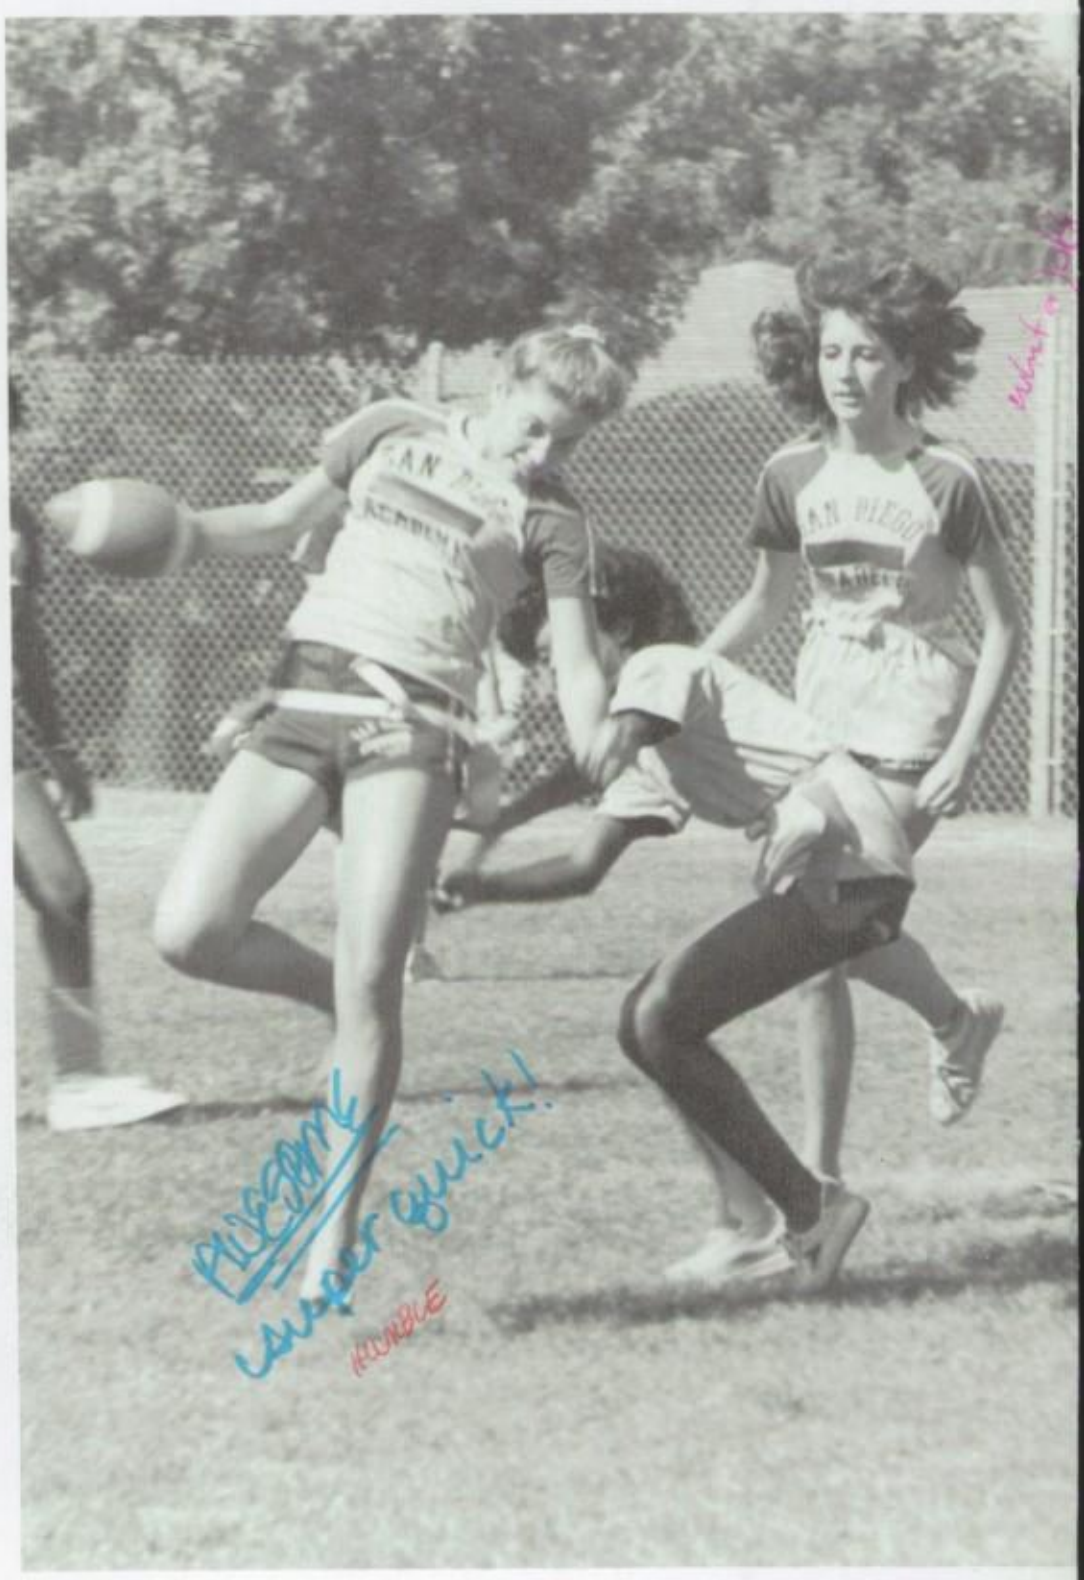
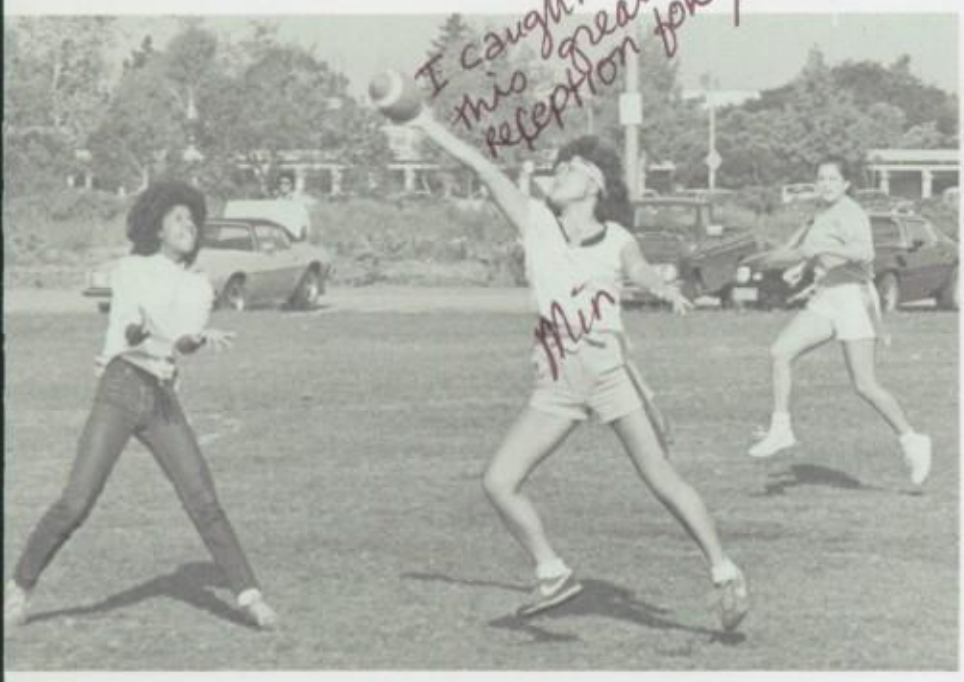
Shes pretty

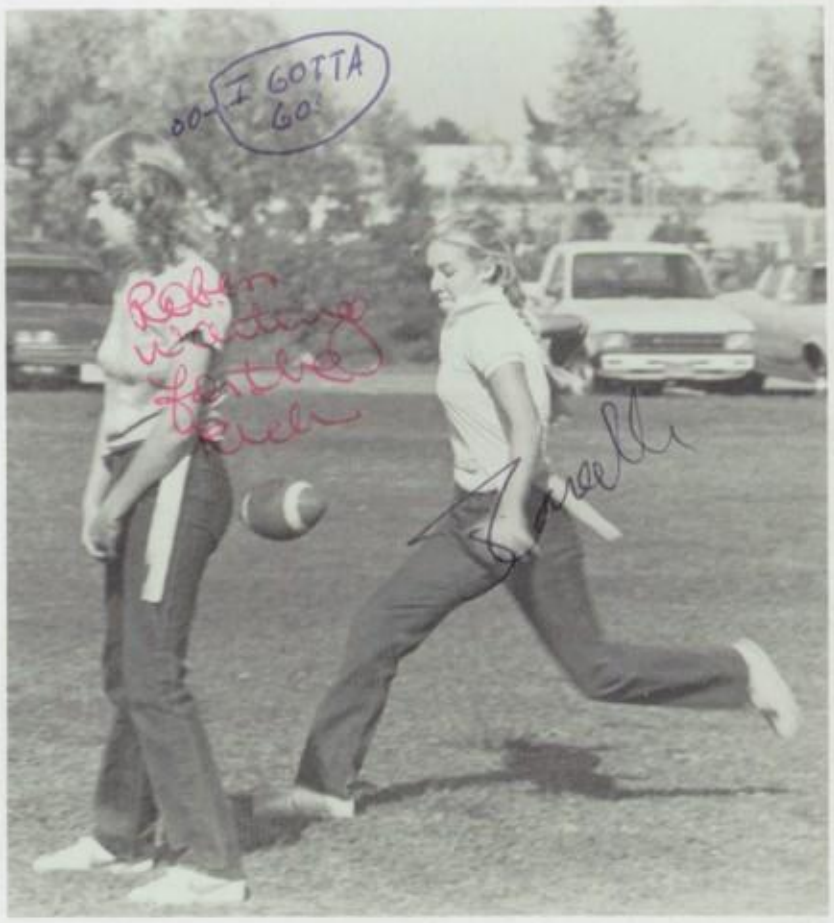
GIRL'S FLAG FOOTBALL

The girls demanded equal rights and got it. A special intramural league was started this year just for our female warriors. Competition was very spirited and most of the time it was all fun and games. The four team captains were Janelle, Tammy, Marge and Robin, but enthusiasm dwindled as the season wore on and the teams decided to call a strike before the playoffs even got going.





I caught this great reception for you!



I GOTTA GO!

VOLLEYBALL

The S.A. didn't realize how popular volleyball was, or maybe everyone showed up because no admission was charged. Whatever the reason, the crowd sure turned out for this year's Volleyball Extravaganza.

The atmosphere was tense as spectators watched players intensly involved in this spectacular game. They played with such form diving and sacrificing bodies to win the title.

Eight teams battled each other in a double elimination tournament. The frightening Alumni team were victorious over Jason Bingham's team which got second place and the Senior team which placed third.

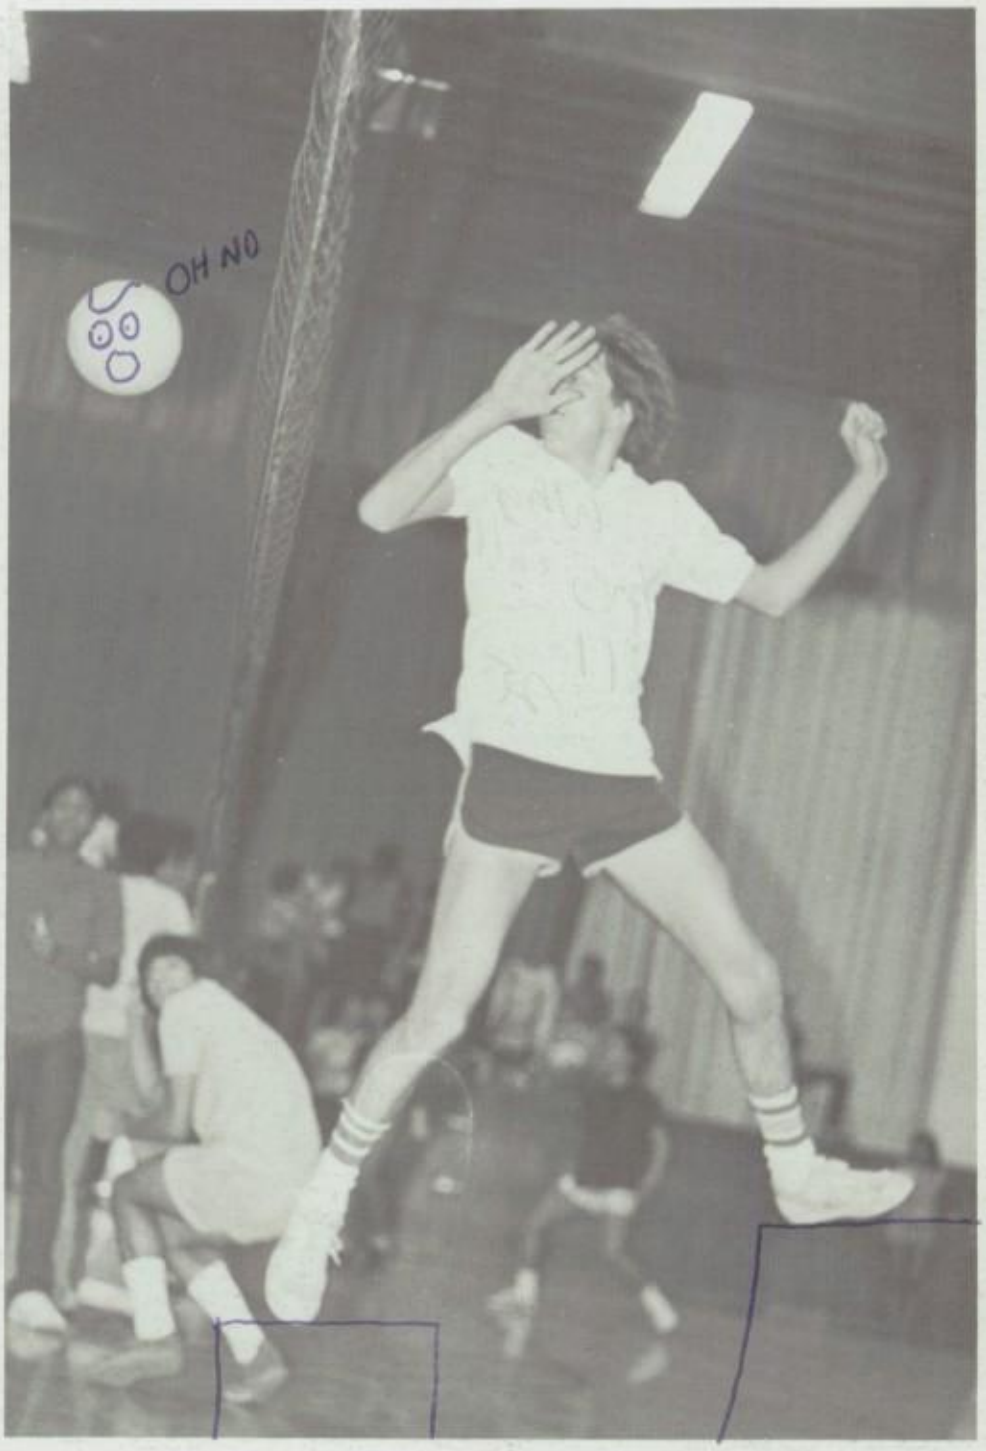
Hi Scott



OH NO

BASKETBALL

Hooping season is here! With fourteen teams in both the A and B leagues, basketball is a popular intramurals. B league plays in the afternoon and combines an interesting mixture of guys, girls, Junior High students, and some pastors and faculty. The fierce A league competition takes place in the evening and pits our young student team against alumni teams and faculty. Our students feel the pressure of being underdogs but they play to win and, so far, they've succeeded.

SOCCER

The girls' brains probably hadn't recovered yet from their New Year's celebrating because although soccer wasn't on the agenda, all Sera's P.E. classes voted to play that rowdy sport when they came back from vacation. The girls don't play on the same intense level as the guys, and members of the championship Soccer team probably wouldn't recognize our games as being the same sport, but still, the girls consider soccer to be one of the more strenuous, sweaty games.

BADMINTON

The badminton tournament was held on the last Sunday in February. It began at 4:00 with a number of players competing in the categories of men's singles, men's doubles, and women's doubles. Several teams showed up and competed against each other for the title. It was a very exciting tournament and, when it was over, Margaret Gomez and Meha Valdez were the women's doubles champs. Kelvin Kon won the men's singles and, with his partner, Mr. Jones, Kelvin won the men's doubles, as well.

ACTIVITIES

GET AQUAINTED SOCIAL

When is shaking fifty different hands or asking perfect strangers deep, personal questions like, "Do you have blue eyes?" or, "Are you wearing socks?" or grabbing desperately at guys' or girls' arms normal Saturday night activity? Well, at the S.A. Get Aquainted Social it's tradition. These strange activities give everyone a chance to meet new students and to greet old friends.

SAND SCULPTURE DAY

When anyone asks you, "What's up Doc?", you can tell them about this year's Sand Sculpture Day. Old Bugs Bunny and awesome pulling power gave the Seniors first place in every event.

Tug of War revs up everyone's class spirit. Freshmen had a little too much spirit and were given last place for having too many kids participating. Sophomore muscle pulled to second place over the Juniors who came in third.

This year the eighth graders joined us for the afternoon. All the classes made gorgeous sand sculptures, and the judges had a tough job of grading our creations. The Seniors' Bugs Bunny won by one point over the Freshmen's Odie. Sylvester gave the Juniors third place. Sophomores and Garfield placed last.

WEEK OF PRAYER

Week of Prayer shortens the actual school day so students generally look forward to it. But Pastor Gary McCary made this Week of Prayer have a special attraction of its own. He talked seriously about drinking, premarital sex, lasting happiness and managed to keep our attention even if it cost him a few bucks. your favorite subject! Mine too!

Week of Prayer closed with a formal, very meaningful Communion Service held Friday night at the Chula Vista Church.

FALL PICNIC

Sweep! Sweep! Sweep! That battle cry could be heard all over Kearny Mesa Park as the mighty Seniors dominated this year's Fall Picnic. It was the first time in recent memory that one class placed first in every event.

The picnic kicked off with football games. In the guy's and girl's football, the Sophomores beat the Freshmen and of course, you know who won both football games in the Junior/Senior competition.

After lunch the race and relay games started. The chariot race gave the guys a good workout and the girls a free ride. Then came the nerve wracking, nail biting egg toss. The wheelbarrow race got all the classes hyped up again. During the last game, the football relay toss, everyone was screaming. The Seniors wanted to sweep badly and the other classes wanted to stop them. No one could stop the Seniors, but it was a winner day for everyone.

WILD WEST FAIR

Once upon a time in San Diego Academy Territory, the white man and Indians became restless so they decided to take a break from war plans and have a friendly pow-wow. They called it the Wild West Fair and the get-together was a great success.

A wide variety of food was available to tempt even the forked tongue's taste-buds. Sheriffs had a busy day trying to keep the rowdy natives in jail and under control. While they were out on patrols, Sergeant Bougher kept a vigil lookout from his perch on the dunking booth. Many important officials received sponge baths from their subordinates. The crowds were entertained with a short musical program by the band. Some folks took advantage of the free car wash and got their buggies, carriages and covered wagons shiny clean.

At the end of the exciting day, everyone returned to their teepees and log cabins tired, well-fed and feeling good.

CHRISTMAS BANQUET

We're a cool group. That we are!

Christmas season means snowflakes and ice everywhere but here in sunny San Diego. The S.A. decided to do something about that and brought the students to the ice for this year's Christmas Banquet.

The evening started off with entertainment as the students in the bleachers clapped and laughed at the skaters performing down in the rink. The long ice show attracted a crowd and late-comers to the banquet had to search for a good spot to see the program.

The dinner held in a room across the Ice Capades Chalet was served in an elaborate buffet style. While the food was being prepared some couples took advantage of the time and got their pictures expertly taken by Sera in a homey setting.

The special evening closed with a funny Santa Claus wandering among the tables giving everyone candy and telling us to get home.

SPIRIT WEEK

Everyone wanted Spirit Week. Seniors hoped to widen their lead and the other classes saw this as a chance to catch up. Monday was Tie Day and kids surprised everyone by coming up with some awful looking ties. It made you seriously wonder what possessed a person to buy it in the first place. Tourist Day was just as blinding as the wild printed shirts and gaudy hats called for attention all over campus. Stuffed Animal Day gave your eyes a pleasant rest as students carried their cute stuffed friends to classes. When the girls weren't rescuing their babies from vicious kidnappers, they were receiving referrals for PDA. Fan Day had everyone decked out and rooting for their best team. And surprise! There were even some loyal Charger fans still alive. Christmas Colors Day ended Spirit Week and sent students off to their Christmas vacation in a holly jolly mood.

WAWONA/BIBLE CAMP

Wawona is a vacation to Yosemite for the SA officers. This year the sickness of members left behind haunted the rest of us on the long, "yellow" ride up. Once there, we made friends with kids from other schools and traded ideas with them. In spite of the many insults exchanged along the trip, the group came back stronger and closer.

At first there was a wild stampede for Bible Camp but, in the end, no one was rejected. It was different this year — the food was delicious! Afterglow was a film about the end of time and while we were there, it actually snowed! Our great skit and song services proved that San Diego Academy was the best school there.

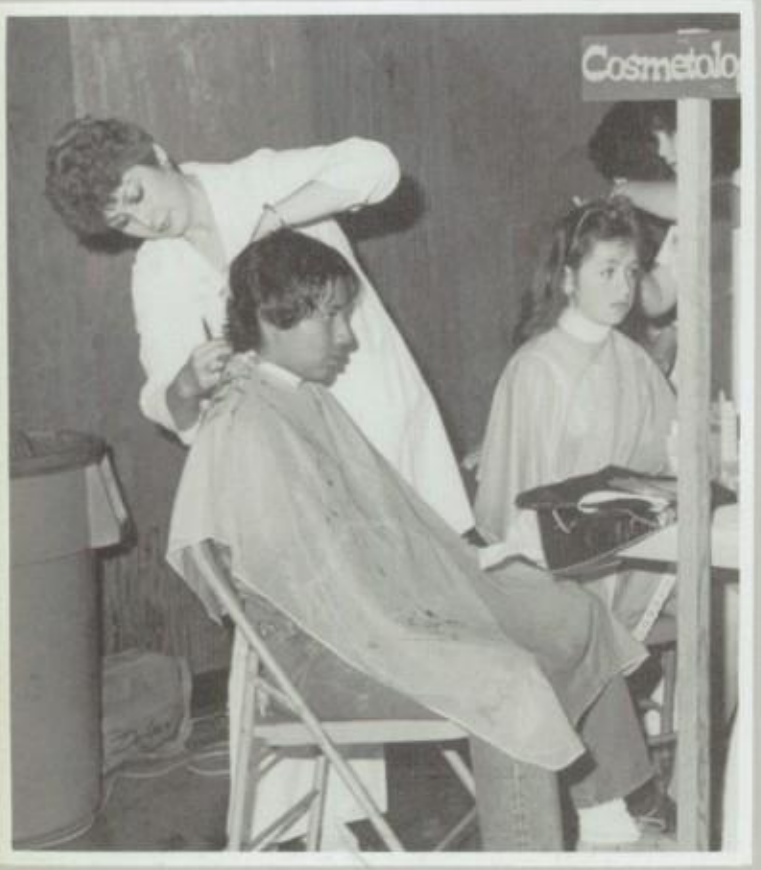
ALUMNI WEEKEND

Alumni Weekend opened with a Sabbath School and church service led by members of the honored classes of '34, '59 and '77. As the old-timers mingled, we watched and imagined what our own reunions will be like. In the afternoon the Chorale and Community Band was part of the Vesper program along with a slide show starring us. The recipients of the Alumni Scholarship were announced, and once again Esther Gonzales earned the award. Monte McKinstry was the other $500 winner. Because the competition between the final runners-up was so close, Todd Nelson and Jennifer Wenzel also received $250 each. After Vespers the Alumni and All-Stars (made up of students from the years 82-84) played a hard game of basketball with the Alumni team triumphing in the end. Sunday morning was a pretty day and perfect for running a 10k or 2 mile Fun Run. All those who entered and finished received a newly designed t-shirt in your choice of beautiful pink or blue. If more girls ran this year than usual, it's because of those pink shirts.

I got one too! Jamy Texas 1st place.

CAREER DAY



Career Day this year met everyone's expectations for exploring different possible professions. Mrs. Osborne did an excellent job of organizing and bringing together representatives from various occupational fields. In addition to our own students, neighboring academies joined us in questioning the wide variety of career spokespeople.

Among the representatives present was a former Red Sox baseball player, an animal trainer with live exhibits, a PSA flight attendant, a modeling agent, morticians, and the always popular hair grooming specialists. Students eagerly gathered around waiting for a chance to look better groomed. Career Day was fun and gave students more insight into what they wanted to be.

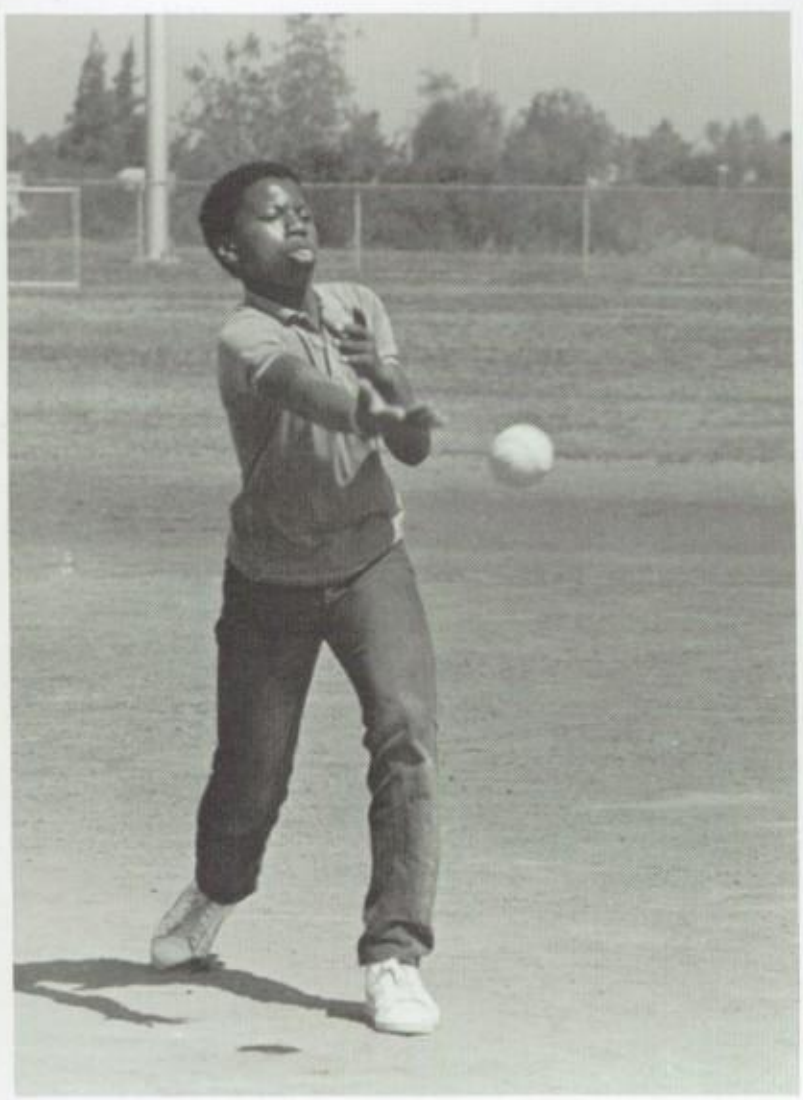
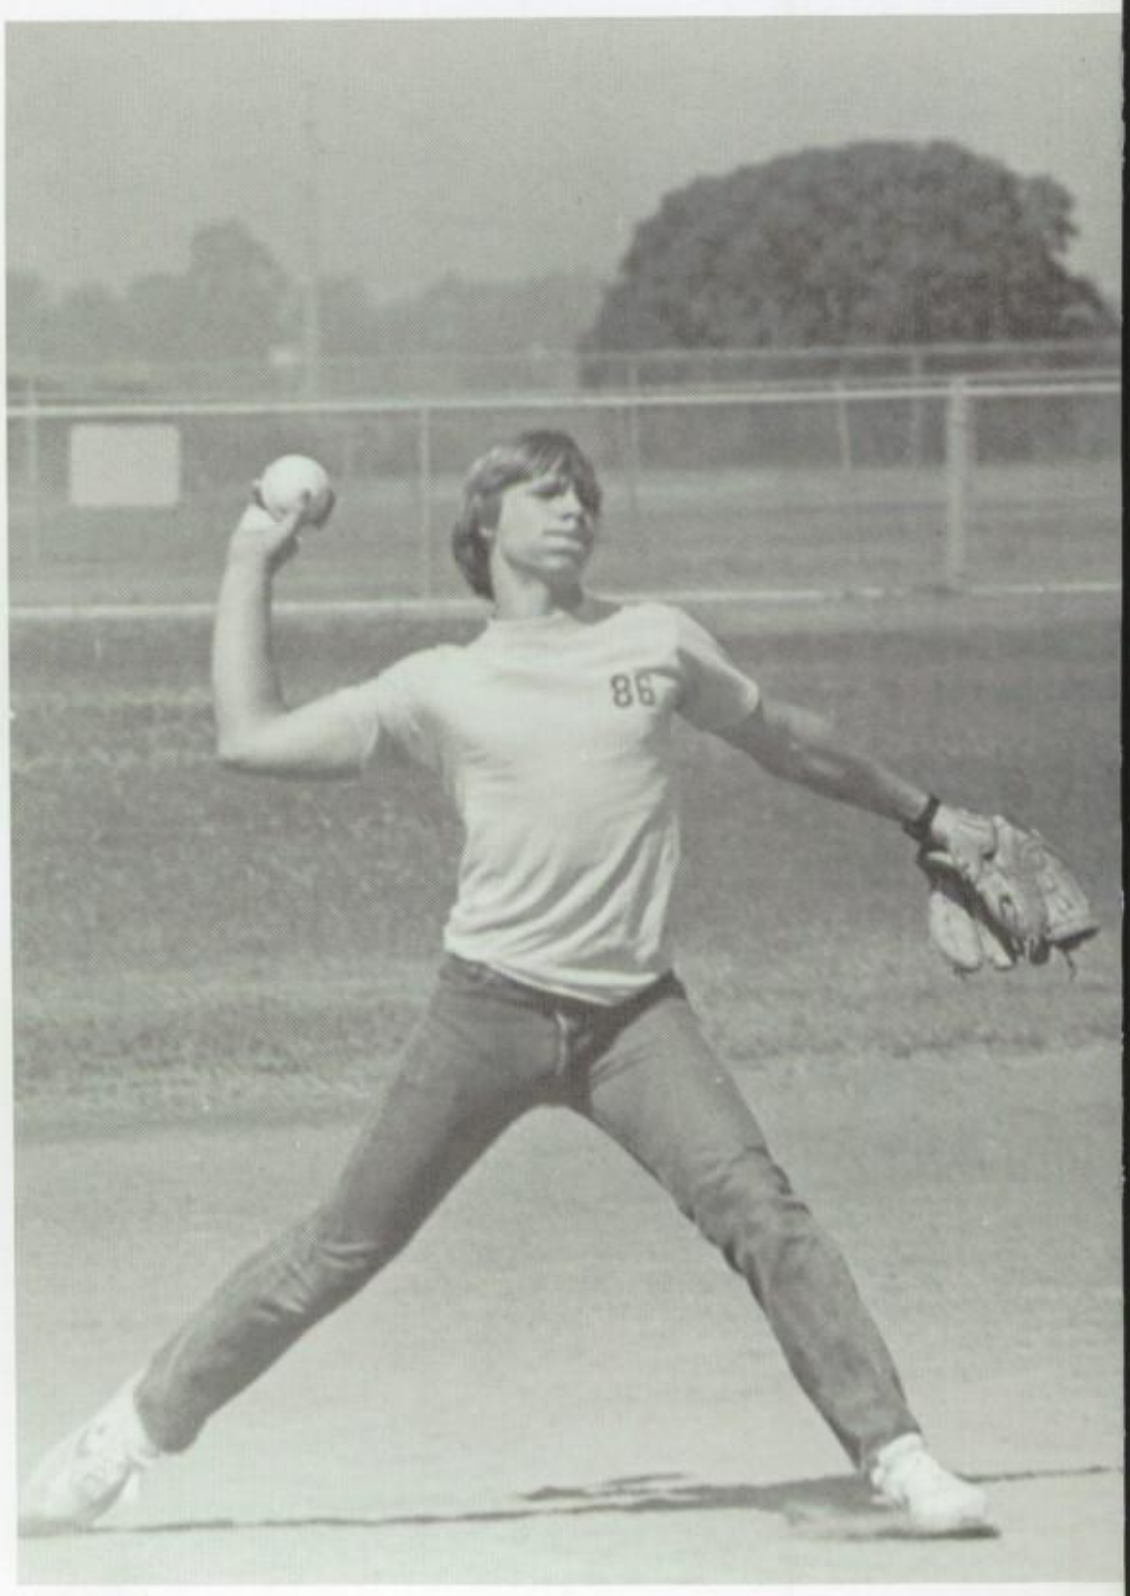
SPRING SUPPLEMENT

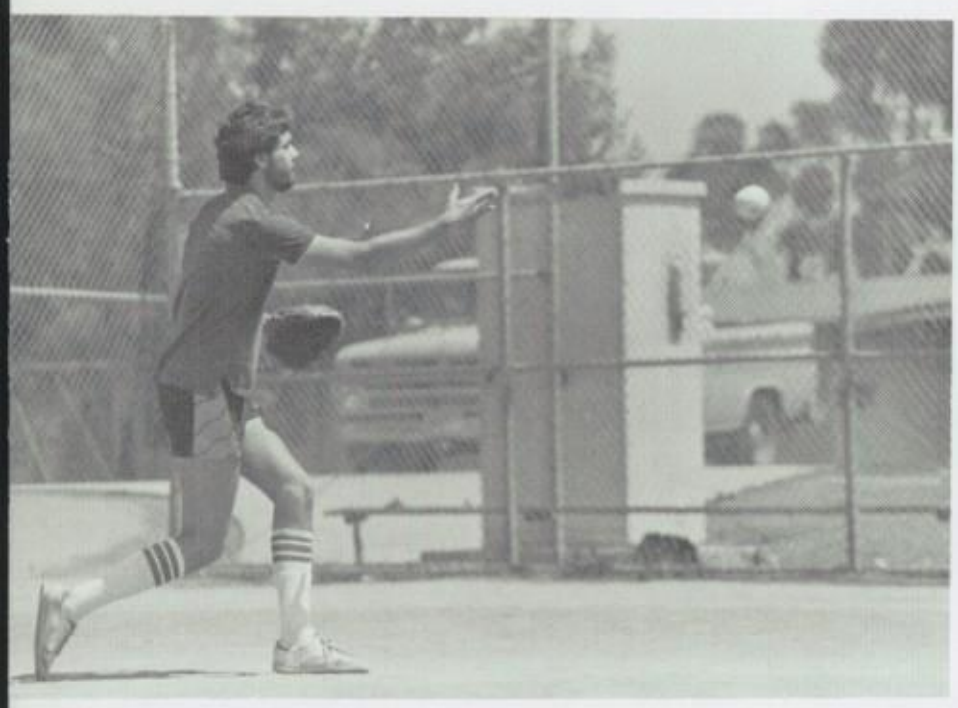
SOFTBALL SOCCER

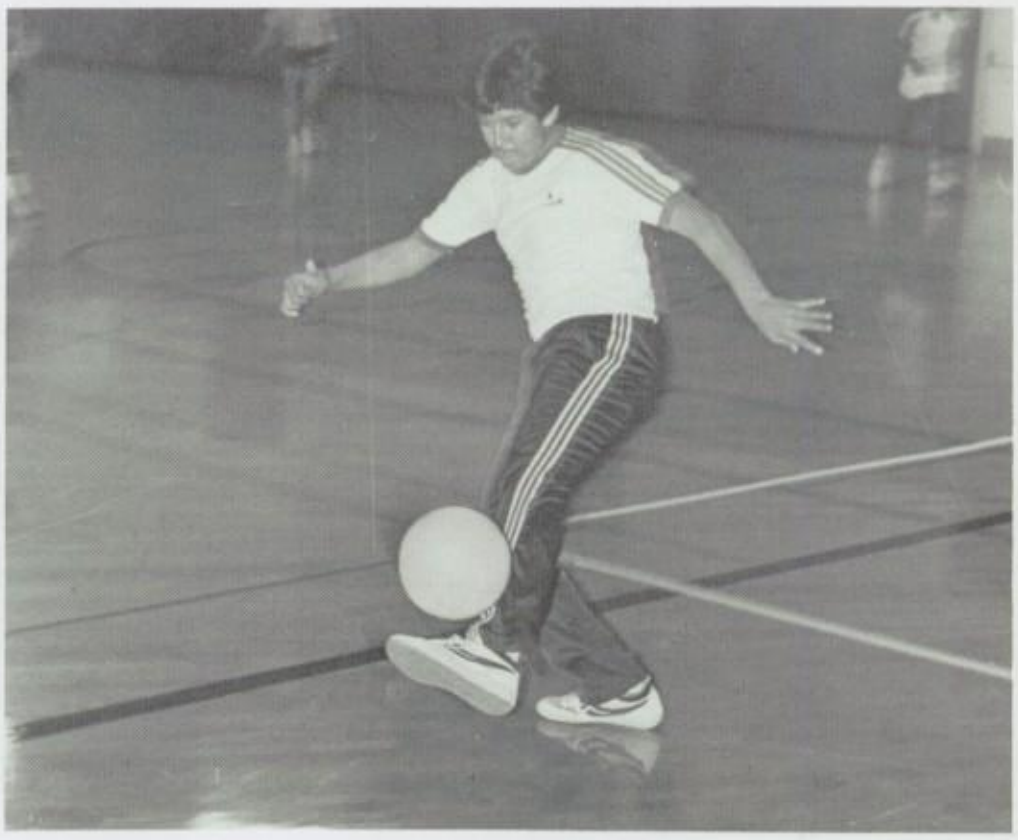
The junior class sponsored a soccer tournament to raise money. They made money but the tournament was won by the senior team who defeated a strong freshmen team in the finals.

Softball was played in three leagues this year. The girl's league never quite got off the ground, but the guy's A and B leagues provided some spirited competition. The freshmen won the B league and the faculty team won the A league.

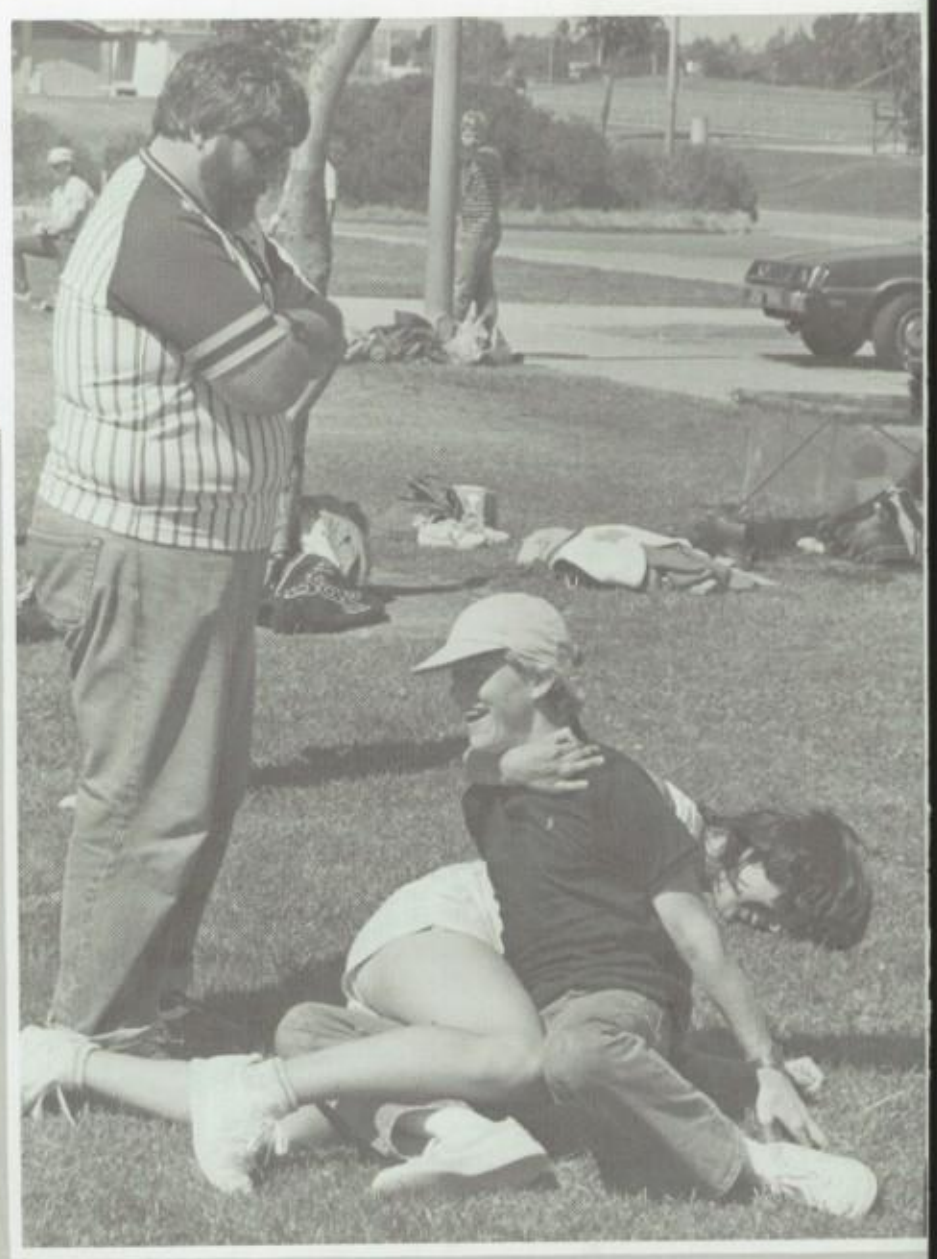






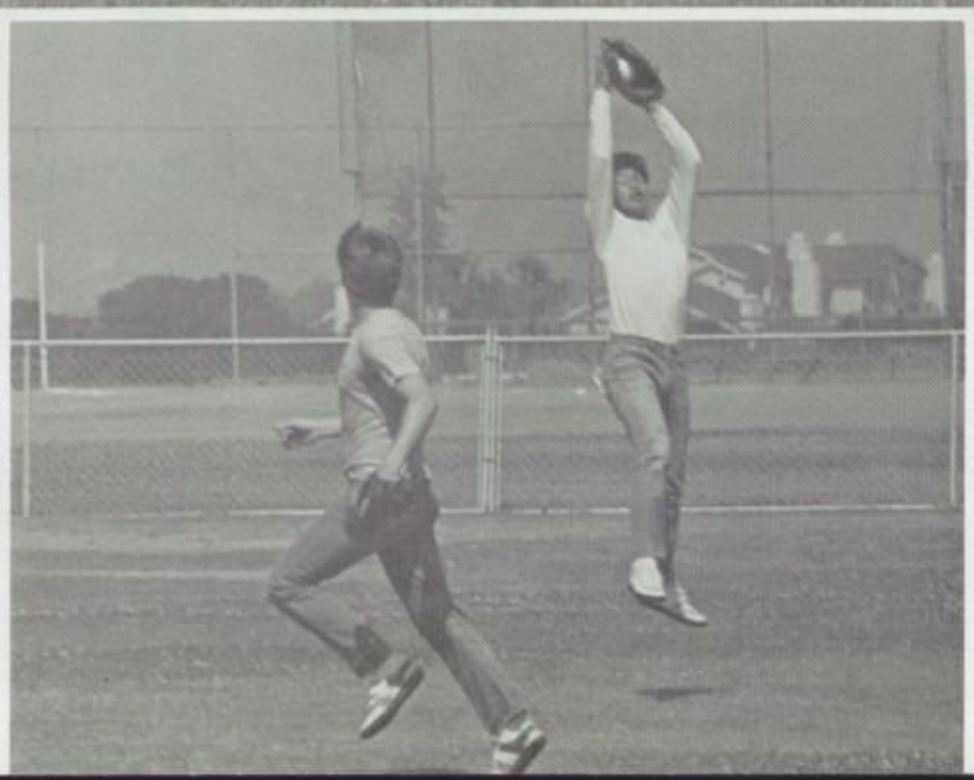


SPRING PICNIC



The Seniors finished up at the spring picnic in the same manner in which they began in the fall . . . SWEEP! SWEEP! SWEEP! The Sophomores gave them a run for their money but the Seniors prevailed through experience and sheer talent. Softball games provided the excitement for the morning with the Seniors and Sophomores winning both of their games. Relays were the afternoon activity.

we can
make it
happen!



SPRING BANQUETS

The Junior/Senior Banquet is the highlight of every spring, and this year's banquet was no exception. The juniors worked hard and the result was an excellent banquet.

The Spring Fling was a lot less formal than the Junior/Senior but no less fun. It was held at Lehr's Greenhouse. Students and faculty alike took advantage of the well-stocked buffet line and many left promising not to eat again for at least a week.

This spring the Academy had a student week of prayer. Each class was in charge of one day in which to enlarge upon the theme of friendship. On Friday we listened to a courageous performance by the choir from San Gabriel Academy.

WEEK OF PRAYER

FACULTY/SENIOR BANQUET

The Faculty/Senior Banquet is an opportunity for the faculty to honor the senior class and to have some fun trying to predict what sort of gainful employment each senior will take up as his or her life's work. Judging from the events of this year's banquet, Al Capone's successor will have several recruits.

Head of the Class!

PERSONAL ADS

I just wanted to say thank you to Miya, Adrienne, and Carrie for being the best friends a person could have.

Love,
Susie Jones

CONGRATULATIONS to the Class of "84", especially Barbara, Keith, Todd E., Michael, Kelvin (Jean), Todd D., Lance (Eve), Melanie and Missy. Good luck in the future!!!

Love,
Min and Mel

How sweet of us.
I know it was.

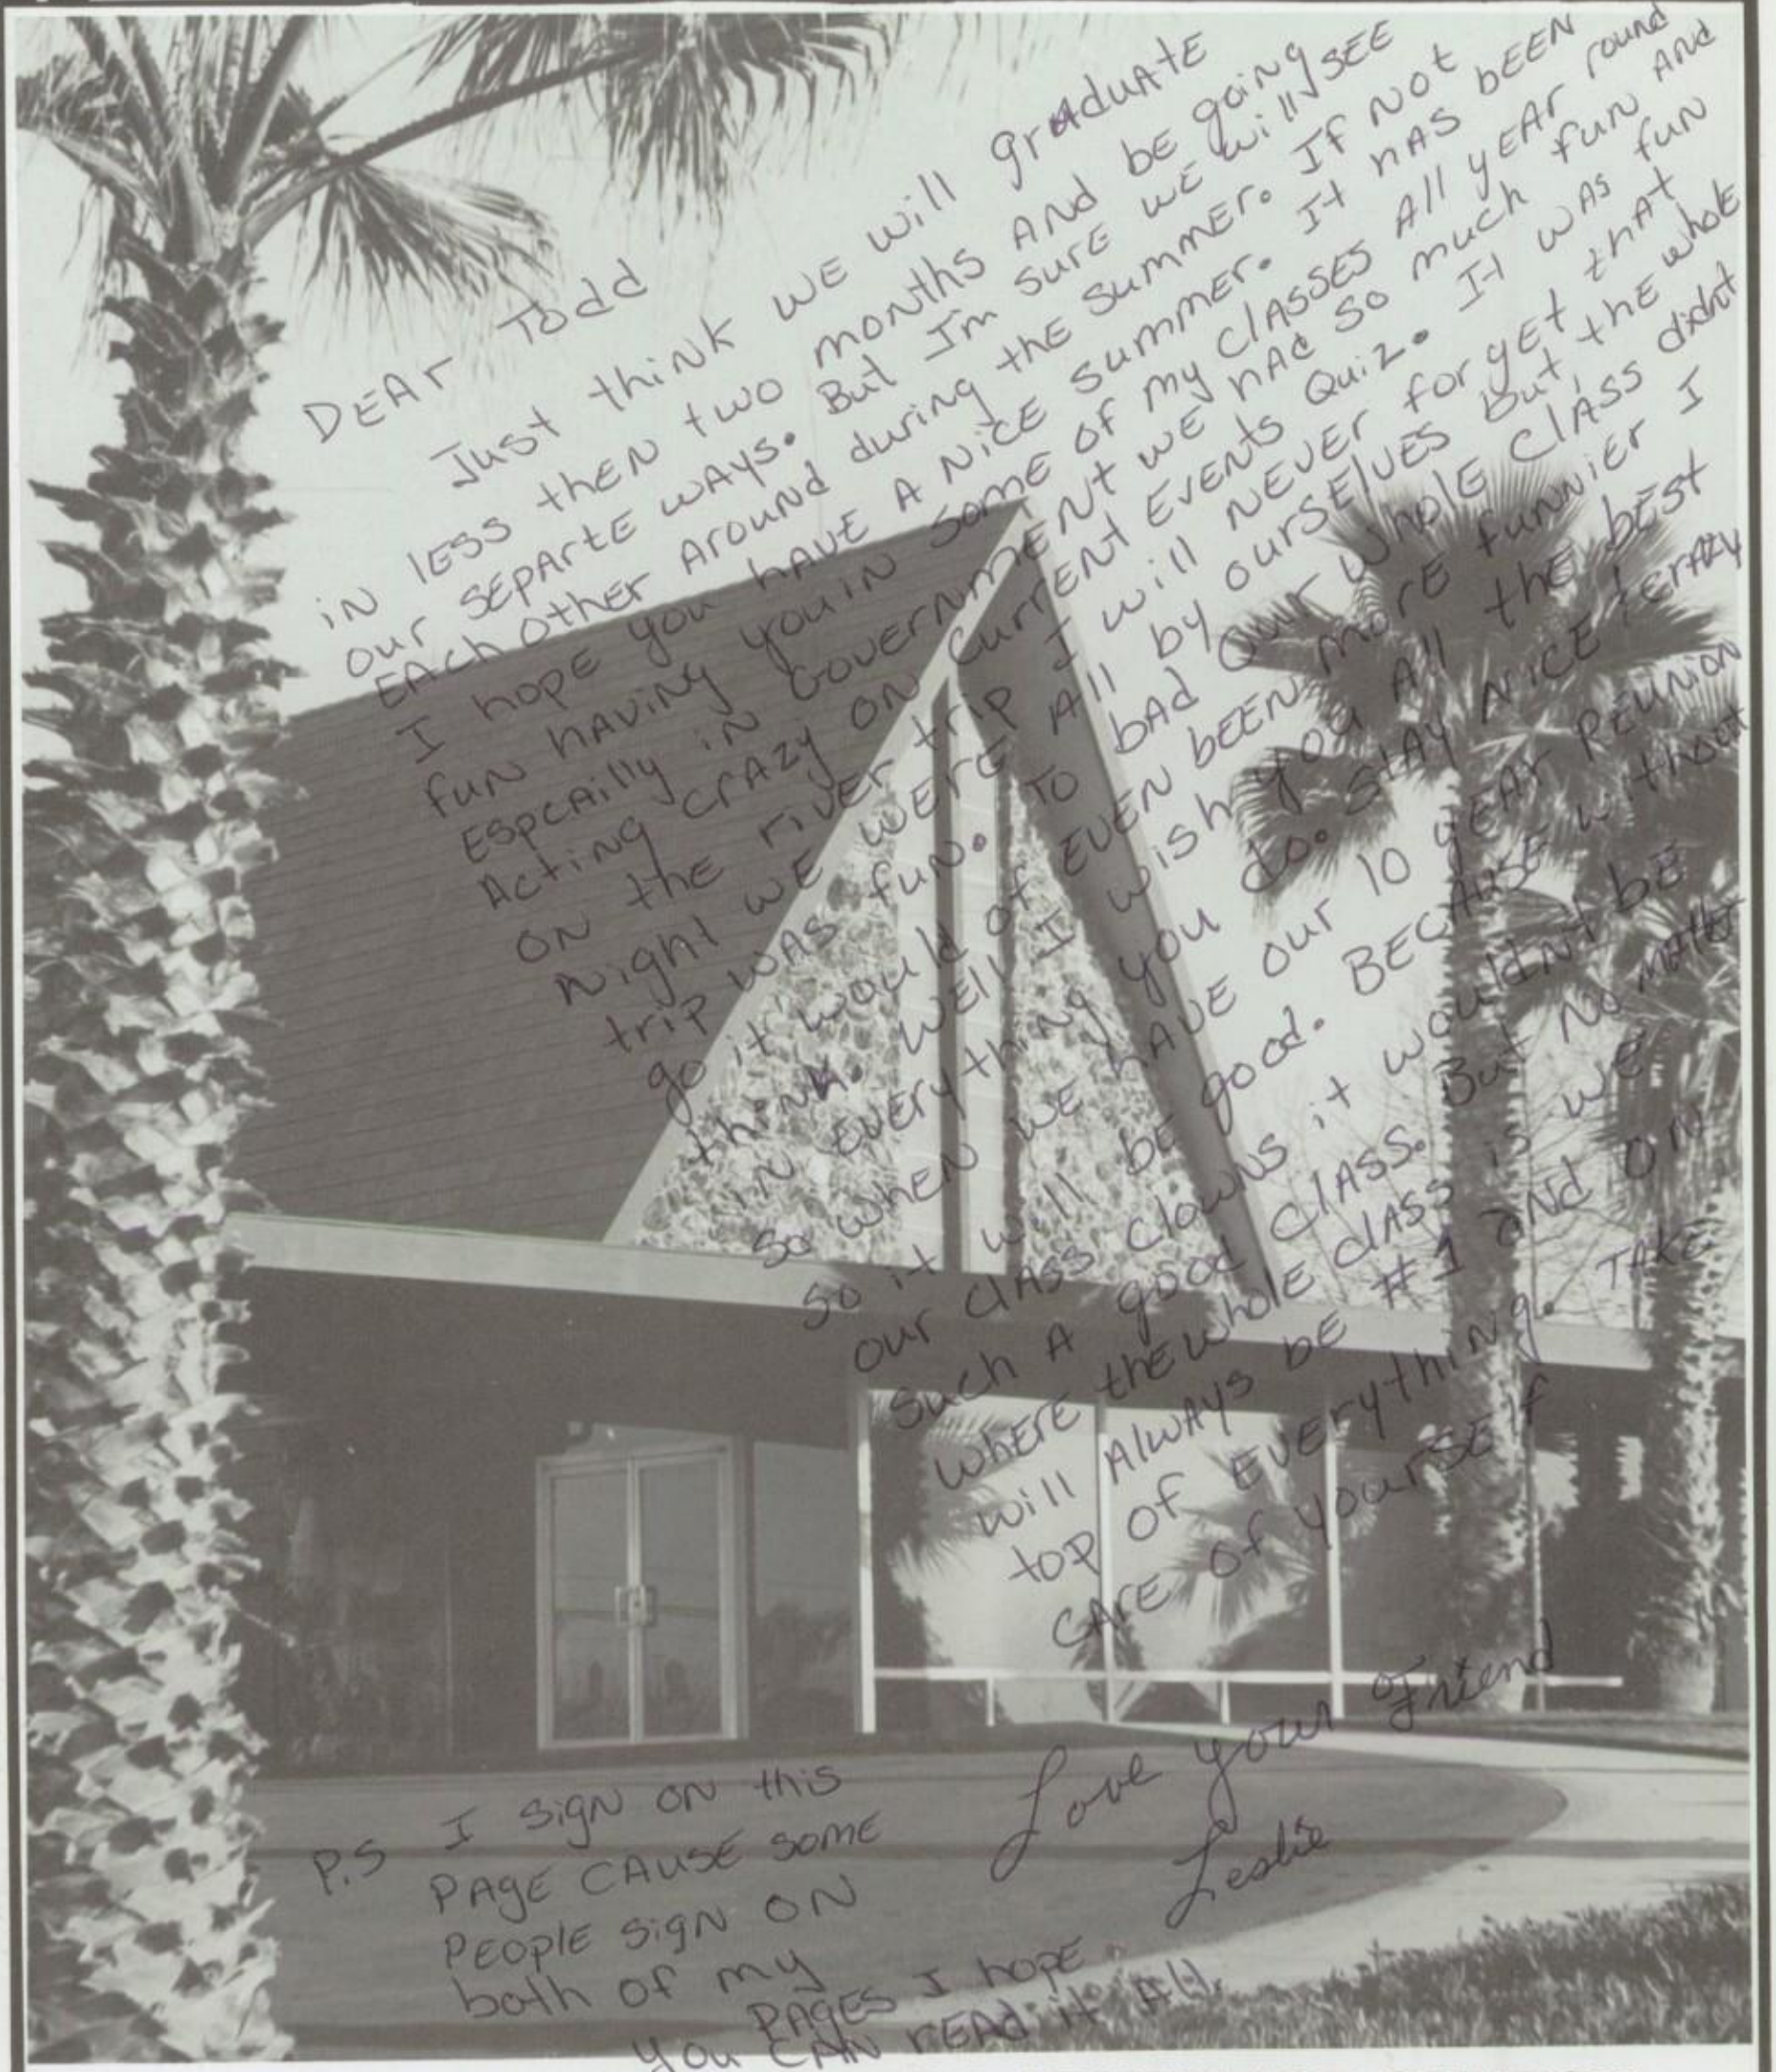
To a Wonderful Mother:
Thank you for your help and support during my 12 years of school. I am grateful to you for making me what I am, for all your understanding. Thanks Mona Loper

To Lisa

Always Special

Just to say
My feeling still remain
Memories and thoughts of you
Still bring happiness and a sense of security
The times we shared together
Will **always** be special to me.

Love,
G. Keith Delizo



DEAR Todd
Just think we will graduate
in less then two months And be going
our separate ways. But I'm sure we will see
each other around during the summer. If not
I hope you have A nice summer. It has been
fun having you in some of my classes All year round
Espcaily in Government we had so much fun And
Acting crazy on current Events Quiz. It was fun
on the river trip I will never forget that
night we were all by ourselves But the whole
trip was fun. To bad our whole class didn't
go it would of even been more funnier I
think. Well I wish you all the best
in everything you do. Stay Nice! Crazy
when we have our 10 year Reunion
I'll be good. Because without
our class clowns it wouldn't be
so much fun. But no matter
where the whole class is we
will always be #1 And On
top of everything. Take
care of yourself
Love your friend
Leslie
P.S I sign on this
page cause some
people sign on
both of my
pages I hope
you can read it all.

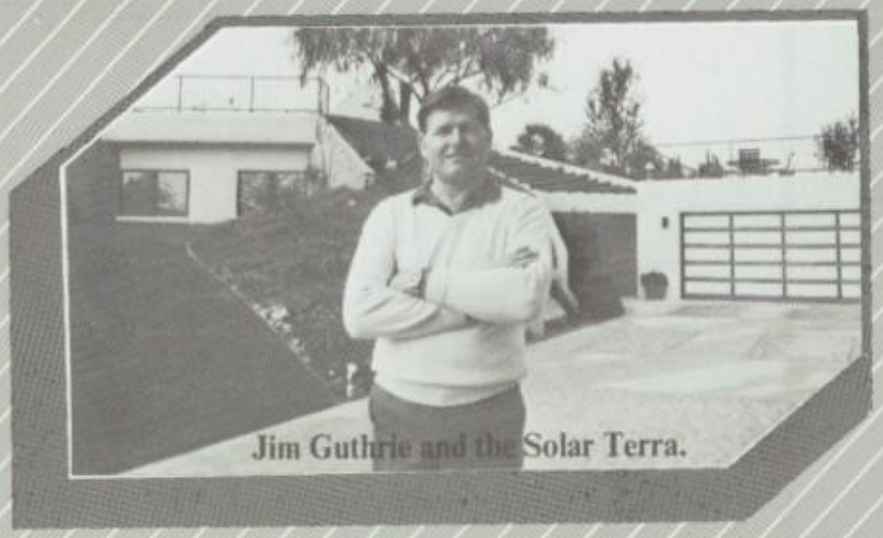
20 years from now, where will you be?



Jim Guthrie and the Solar Terra.

Jim Guthrie graduated from La Sierra in 1966 with a degree in biology. He was about to leave for medical school when he met a friend who was working in real estate. On the spur of the moment he decided to do the same.

In three weeks he earned his real estate license and became the sales manager for a major home development in Riverside. In 1971 he became a contractor and started building his own homes. Today he has built over 200 custom homes and "condo's," 600 apartment units, and 225,000 sq.ft. of industrial and office space. Most people know him as the man who built Solar Terra, a 2,400 sq.ft. home designed for energy conservation.

So did Jim waste his time going to college? "If I had it all to do over again, the only thing I'd change is my major," he says. "College gives you the tools you'll need in real life."

WHAT'S YOUR HEART ATTACK RISK?

Age	**1** 10 to 20	**2** 21 to 30	**3** 31 to 40	**4** 41 to 50	**6** 51 to 60	**8** 61 and over
Heredity	**1** No known history of heart disease	**2** 1 relative with cardiovascular disease over 60	**3** 2 relatives with cardiovascular disease over 60	**4** 1 relative with cardiovascular disease under 60	**6** 2 relatives with cardiovascular disease under 60	**7** 3 relatives with cardiovascular disease under 60
Weight	**0** More than 5 lbs. below standard weight	**1** – 5 to + 5 lbs. standard weight	**2** 6-20 lbs. over weight	**3** 21-35 lbs. overweight	**5** 36-50 lbs. overweight	**7** 51 or more lbs. overweight
Tobacco Smoking	**0** Non-user	**1** Cigar and/or pipe	**2** 10 cigarets or less a day	**4** 20 cigarets a day	**6** 30 cigarets a day	**10** 40 cigarets or more a day
Exercise	**1** Intensive occupational and recreational exertion	**2** Moderate occupational and recreational exertion	**3** Sedentary work and intense recreational exertion	**5** Sedentary occupational and moderate recreational exertion	**6** Sedentary work and light recreational exertion	**8** Complete lack of all exercise
Cholesterol Of Fat % In Diet	**1** Cholesterol below 180 mg. Diet contains no animal or solid fats	**2** Cholesterol 181-205 mg. Diet contains 10% animal or solid fats	**3** Cholesterol 206-230 mg. Diet contains 20% animal or solid fats	**4** Cholesterol 231-255 mg. Diet contains 30% animal or solid fats	**5** Cholesterol 256-280 mg. Diet contains 40% animal or solid fats	**7** Cholesterol 281 or more mg. Diet contains 50% or more animal or solid fats
Blood Pressure	**1** 100 upper reading	**2** 120 upper reading	**3** 140 upper reading	**4** 160 upper reading	**6** 180 upper reading	**8** 200 or over upper reading
Sex	**1** Female under 40	**2** Female 40-50	**3** Female over 50	**5** Male	**6** Stocky male	**7** Bald stocky male

The purpose of this game, called Risko, is to give you an estimate of your chances of suffering a heart attack. Study each risk factor in the accompanying chart. Find the box which applies to you and circle the large number in it. For example, if you are 18, circle the number in the box labeled 18-20 in the column after age. This will give you a score, in this case, of 1. After checking the appropriate number in all the rows, add the total of the numbers you have circled. This is your risk score. The total of the numbers you have circled will give you a risk factor which will fall into one of the following areas:

6-11 Risk well below average.
12-17 Risk below average.
18-24 Risk generally average.
25-31 Risk moderate.
32-40 Risk at a dangerous level.
41-62 Danger urgent. See your doctor now.

Dear Todd,
It has been alot of fun going to school with you for 4 years and seeing what it was like 10 years ago we were freshmen and you were shorter than Missy. But now you are taller than her and not even shy.
I want you deserve the award for class clown. You are so funny and crazy We won't forget all the funny things you have done.
It was crazy enough to have gone to school with you but its even more crazier to have worked with you. I not only saw how smart you are but also how well and "fast" (h

Dear Todd,

It has been a Fan. F. tastic school year. And I am F.F. glad we were friends. You are so funny and crazy. I'll never forget how much I laughed at your bird ... hahaha Im sorry I guess its not <u>that</u> funny. Im really glad you were there on band tour, w/ out you there I would have gone crazy with HB.

Todd this school years almost over and we will all be going our seperate ways, I am so glad we'll be up at Ca Sierra together. It would be Fan F. dull without you there. And don't feel bad about that note. I was pretty mad at you at first then I realized you did it only because you thought it would clear things up. Im glad our friendship lasted, your valuable to have around. I would go crazy in classes w/ out your crazy humor. Now dont get me wrong, you told before you dont want to be known as only a clown. And I know you aren't you've got the brains & the beauty what more can you ask for. Haha Take care & stay Fan F. Cool

Love & Friends,
Barbara

Dear Todd,

I'm so glad ~~we~~ we got to know each other better this year. I'm not just saying it either I really mean it not like some people. You see so funny and so silly but I would like you any other way. You have brightened up many of the band practices we've had and certainly made band tour an event I'll never forget Thanks. But most of all I want to thank you for taking me to the banquet and made me feel so comfortable and ~~for~~ helped me enjoy the banquet.

I am going to miss you alot next year. But for sure I'll be visiting La Sierra (w/ Ej.) and you guys better show us a good time. You are a very bright and talented so I think you'll make a terrific Corporation lawyer so don't despair.

This summer me and Ej. still have to treat you and Kelvin but (remember?) I hope you do like it up there at La Sierra in the summer and fall. Don't fret too much remember you're there to study trick go ahead why change your way of life trick! But seriously I'm going to miss you guys. please take care of yourself and don't change. Do me a favor and keep an eye on Barb for me I worry about her she's my friend.

P.S. I want you to know (if you don't) you have a great personality!

Love,
"85"
is live

Todd,

I really must say I'm going to miss you next year. Picking you has become my favorite pastime. It's going to be kind of lonely here next year without all of you crazy Seniors. But I'm sure the illustrious class of '86 will find some time to scream and be wild; we'll take over your job of being wild. I hope you have fun this summer. You'll probably be going to Australia with everyone else too! Lisa and I are going to go and visit Lance up there and so we'll probably see you too. I remember you and Kelvin for years. You two always seemed to me like a Dana couple of Smart guys... but then I got to know you. he-he. Always keep a smile on your face and Jesus in your heart. You're Smart and you'll get everything you want. Have a bitchen Summer.

Love and
friendship,
Sandra Lynn
Bachmann '86
Kit

To Todd,
we really had a great senior year. our class is the best. I hope that we can all stick together and do something great to leave an impression. your a really neat guy it's nice having you in Spanish class and my other classes. I hope we can keep in touch.

Love
Pamela

Dear Todd,

Pay back for [illegible]

(1) Nobody

Dear Todd,

Now that our high school life is just about over-what can I say to sum up the past 4 years I've known you... Crazy-that's too common, how about special-thats not enough. I know especially crazy.." Our class has grown some of us in separate ways, letting the closeness fade. Anyway I've always admired your good points and I know I always will have someone to gossip to. Remember what Jai & Kelvin told me about how you guys were going to wait until college-well college is upon us so be careful-don't break too many hearts okay! When I think of high school, you can bet you'll be in alot of the memories! So keep in touch. Take care & God bless, I'm not going to

Dear Todd,
We have had some good times
I'm just sorry we strayed apart
this last year. I loved talking
to you, and go places with you.
Your a really smart, nice, person.
I wish you only the best in
your future.
P.S. Call me this summer-575-3783
Love always
Janelle

Dear Todd,
Well here it is the last day of school and we are all graduating. I'm so glad that we have become friends. I'm sure we will keep in touch. Have a super sweet summer and I hope you have a great time in Australia! Take care and have fun! Stay sweet!
Me, G.Q. Always!

Dear Todd,
can you believe we'll be graduating in just a few weeks? It's been a long thirteen years- but it's been fun too! You really help liven up our class and make everyone laugh! I'll never forget college english when you had to give your oral report. Your face was so red! And your "quarter" worship in Bible! I'm really glad we got to be friends - you can be really sweet! Thanks for putting up with all my dumb questions at the Begining of this year!!! I really wish we could go to the same college. I know that whatever you decide to do you'll be great at. Good luck!

Love,
KB
"84"

Dear Todd,
The year is almost over and we'll be graduating (well, so) let's rumble the best of what's left of the year. Your really enjoyed having classes with you, I'm not taking J.B.'s in the class, Remember to behave we were written some might need it.) Any way it's been fun, I remember way back in Mr. Gang's class when I use to think you were such a good, religious student. But then I got to know you and found out you had a crazy fun, but also a real sweet guy & you always make class more fun, keep in touch. Have a great life. Love

Dear Melanie:

you jacked!

Well, it looks like you'll be the only girl going to LW this summer. How admirable. I'll see you up there. We've had a good time this year. But the best time was in Psychology when we stood up for our rights. I'm glad you have enough guts to stand up for yourself, it doesn't make me look so forward. I can't believe we're going to graduate. I'm glad you'll be part of our graduating class. I'm not looking forward to four more years of college, but I am looking forward to leaving. Well, I'd better go. Well, I got jacked.

Dear Todd,

It's been a unique experience getting to know you are very boring that's for sure. And I'm sorry that sometimes I've been to sensi to your jokes. I hope you have a nice future an if you go to Australlia be Kind to the Kangaroos and send me a postcard I hope you have a nice summer and good luck in the future.

Love

"84" Julie "84"

(sweep)

Todd,

Well Todd that was a pretty dumb thing you did up above this. How funny! But you don't think it is going to be very funny anyway this year has really been a blast. I have really enjoyed being in this class, everyone made me feel very at home. I'm glad that I am graduating but I am going to miss all of my friends. I got to know you through Todd, but now I can call you my buddy also. Be sure to keep up the scandels and I hope I see you around. P.S. You are invited to the wedding!!

Love

Roben

Dear Todd --
Well, this is it.
No more Academy for
us. I can't believe it.
It still seems unreal.
Thanx for always being
my friend, even tho
you started the VW thing.
Oh, well, that's life. But
we've had some good times
together & I appreciate
your friendship. Please keep
in touch. I mean it.
See ya at LaSierra, I hope!
May God Bless! I know
you'll be successful in
everything. Good luck!

Dear Todd,
You pretty
much covered
everything!
What can I
say? Because
of your Friday
nights we've
had (remember
climbing around on
the roof - that
was too crazy),
Saturday afternoons
were fun (remember climbing stonewall or whatever it's called.
- at least you didn't get carsick)
Some boys are just too clumsy -
Saturday nights were fun (when
boogeters (spelling?) by the
(football games, shopping - I was going out with a good-looking
guys - I had to look decent!), School is never fun, PSR
was fun - Bible Camp and Youth Retreat (you wicked boy
though - such a bad influence. I'm kidding. Please, let's start going
back.), River trip was fun (I'd always thought you guys
were a little on the lazy side but that trip proved me wrong.
Besides being such strong "hunks", you're a top Top Rumor Look)
I have a feeling College will be fun too. I hope
"A" students won't mind mingling with mere "B" students.
I'll always remember all your serious talks" we've
had. I hope we'll be able to do that.
I like listening to you. I can always depend
on you to give me good advice - sometimes you're
a little long and forceful about it (take this Honors Program
for instance - just kidding) you haven't been a small part of
my life (you're been a BIG part!) Here's to more Good Times
Love
Miriam
